BAY HIGH SCHOOL

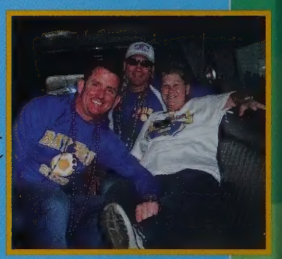
The Bay St. Louis school district was established in 1963. That means our school has been around for 48 years! We know... It's CRAZY, but it has probably been one of the best things that has happened to our small town Bay St. Louis. Many friends, teachers, and school board members have been brought together because of the establishment of this great school. As most should know, we were hit by Hurricane Katrina on August 29, 2005. There were many horrible things that happened, and many lives were taken, but the awesome thing about it is that it gave us a new school, new resources, and also brought us many more people and friends to look forward to meeting.

Basically, what is being said is that Bay High is a new and improved school, and nothing can bring us down! It only gets better from here!

Our yearbook has been dedicated to

Ms. Cindy Chandler

Ms. Chandler was an amazing part of Bay High for two years. She is a great role model because no matter how her day is going, she always has a smile on her face and a positive attitude! We miss her here at school everyday, but she still has her tiger pride spirit and comes to events.



As Ms. Chandler battles cancer, we want to give her our support because of the difference she made at Bay High.

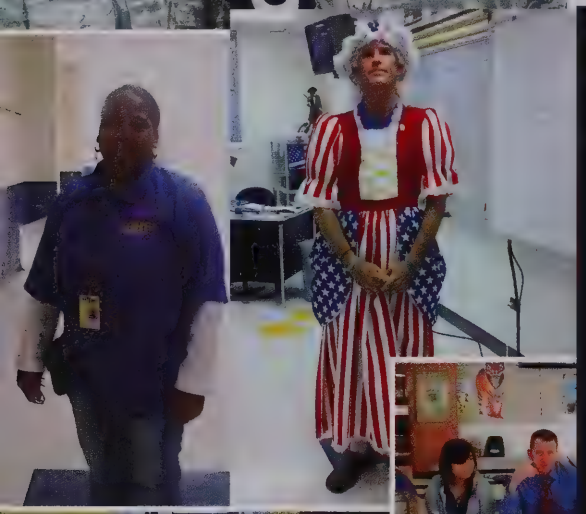
Teachers, Faculty

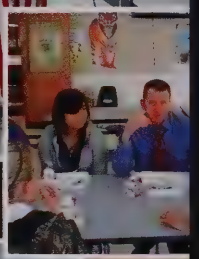
"If a doctor, lawyer, or dentist had 40 people in his office at one time, all of whom had different needs, and some of whom didn't want to be there and were causing trouble, and the doctor, lawyer, or dentist, without assistance, had to treat them all with professional excellence for nine months, then he might have some conception of the classroom teacher's job."

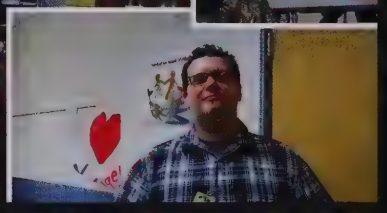
~Donald D. Quinn

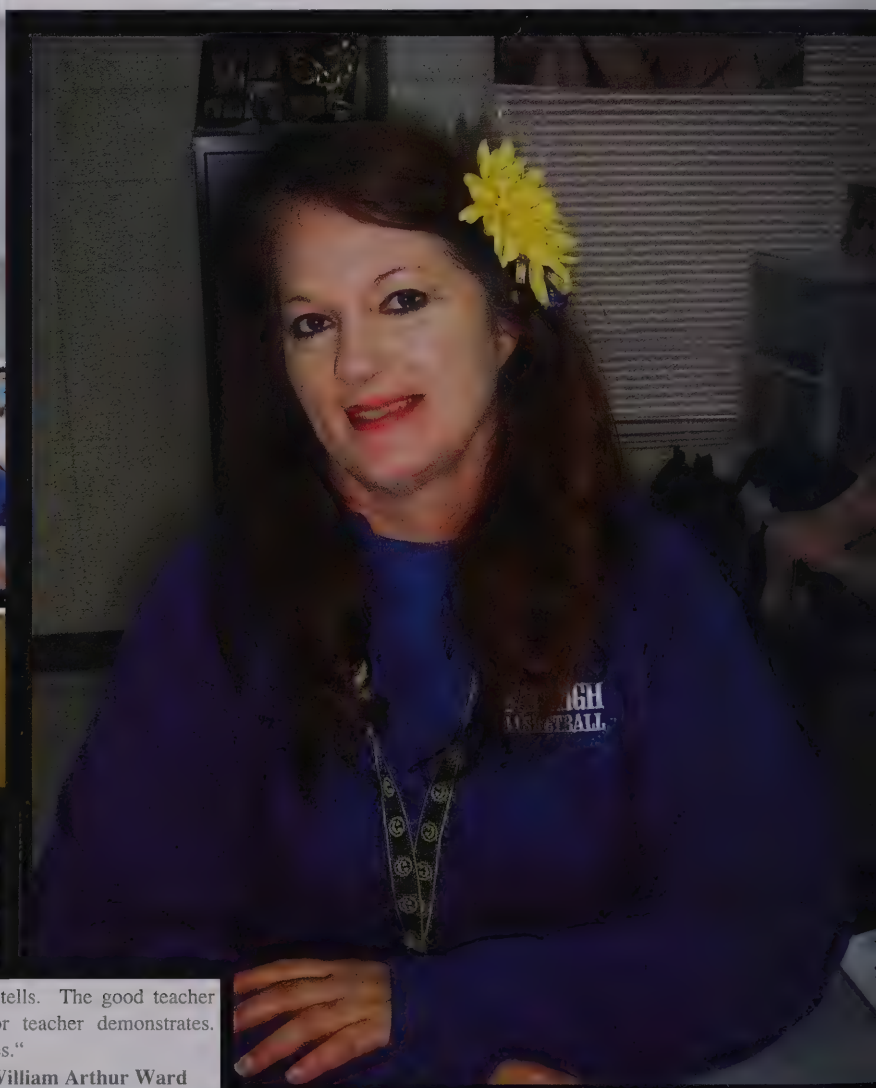
Thank you, teachers, faculty and administrators for your patience, kindness, helpfulness, dedication, and generally putting up with us on a daily basis.

Congratulations to Bay High's Teacher of the Year, **Mrs. Richardson!**









"The dream begins with a teacher who believes in you, who tugs and pushes and leads you to the next plateau, sometimes poking you with a sharp stick called "truth."

~Dan Rather

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

What Class at Bay High Should You Take?

Which of the following best describes you?

Being curious about life and finding out new things

You love being active! You should take P.E. with Coach Foreman or Bosarge.

If you want to learn more about yourself, you should sign up for Mrs. White's classes.

You enjoy learning about other organisms. zoology or marine science with Mr. Woodward is for you!

You're fascinated with the human body and its many functions. You should consider Ms. Lathrop's anatomy and physiology class.

Having a good memory for places and dates.

You're very disciplined and love helping others. You should join JROTC with Sgt. Snemyr.

You have a keen understanding of people. You should take psychology or sociology with Coach Edwards.

Having a way with words.

Foreign words, to be exact. You should join either Ms. Schruff or Mrs. Cain in her language class.

You're good with grammar but also contain substance when you write. Creative or business writing with Mrs. Owen, as well as yearbook, may be your answer.

Being excellent with computers and numbers.

You are also very creative and incorporate that into technology. Coach Boles is the ideal teacher to learn from about computer graphics.

Before making a decision, you ask everyone for their opinion. Taking statistics with Mrs. Rossetti would help you arrive at the most accurate outcome.

Seeing the beauty in life and being an optimist.

You can put yourself into a situation as if you were really there. Ms. Abel in the drama department seems like your answer.

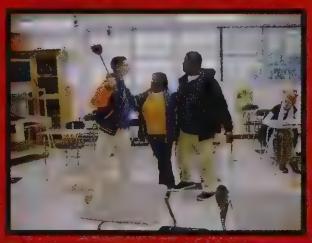
You have an inclination toward music and creating it in different forms. With such natural talent, you should consider band with Ms. Crider.

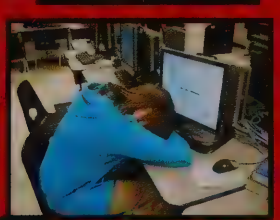
You use choreography to portray your feelings, and with Ms. Austin, you can become a great dancer.

You allow inspiration to guide you; a blank piece of paper excites you which is why art with Mr. Cummings is probably a good idea.

Warning! Teachers Beware of Menacing Hoodlums

There has been an unmistakable connection between teachers resigning at Bay High and the class of 2011.





Teachers have always had a challenge seeing eye-to-eye with some of their students. In fact, the more experienced instructors have come to expect this problem and find ways to correct it. However, the last four years have turned out to be more difficult with the delinquents who are now thankfully graduating.

It is hard to ignore the sad decline in the teaching staff, including Mr. Terry Ross, Ms. Elaine Rowell, and Ms. Stephanie Coker, who left after receiving a dose of the mad "2011" fury. Some, including Ms. Molly Graham, were rumored to have left in fear of the upcoming class.

Students such as Forrest Kremetz, Luther Heidelberg, and Will Curry have been caught bullying and picking fights in class. Texting right under teachers' noses is a problem that Jennia Catchings displayed one day in class. Sleeping may be a symptom of "Senioritis" with Whitney Chapman and Breanna Hart. Littering, eating in class, and getting on illegal websites also proves that this class will be remembered, though perhaps not in such a positive way.

AFJROTC

The Junior Reserve Officers' Training Corp is a very rewarding club to belong to. It teaches students about character and discipline. MS-934, The Flying Tigers, was established in 1993, becoming the fourth unit in the state of Mississippi. The unit has activities that include a drill team, a marksmanship team, and many more promising activities to get students more involved in the program, as well in the school.

Accomplishments the program has completed are working on the gazebo at Bay High School and transforming our courtyard gardens from eye-sores to pleasant place to sit and hang out with friends.

Student Government

Have you ever wondered who's behind all of your school fundraisers, or who organizes the school contests? Who set up that amazing homecoming, and who on earth could have raised so much money for it? Well, the answer to those questions would be the BHS Student Government Association (SGA).

Our SGA is a group of students selected by the student body to help plan, organize, and fund events such as bake sales, school dances, and homecoming. They act as delegates of the student body, providing feedback and suggestions directly to teachers and faculty. They make sure students have their fair say in school matters.

My daughter Tenille. I will start with my favorite lines "Run, jump, and play but learn all you can." Throughout the years you took this statement beyond the limits. You are outgoing, athletic, and very independent. You have worked hard and accomplished everything that you have set out to do. I am so proud of you for that!!! I have been by your side throughout your growing up years and now that in your next stage of life, adulthood. I will continue to support your efforts. I hope the days come easy and the moments pass slow, And each road leads you where you want to go, And if you're faced with a choice, and you have to choose, I hope you keep on walkin' till you find the window, If it's cold outside, show the world the warmth of your smile, But more than anything, more than anything, My wish for you is that this life becomes all that you want it to, Your dreams stay big, and your worries stay small, You never need to carry more than you can hold, And while you're out there getting where you're getting where you're getting to I hope you know somebody loves you, and wants the same things to, Yeah, this, is my wish.

I hope you never look back, but you never forget, All the ones who love you, in the place you left, I hope you always forgive, and you never regret, And you help somebody every chance you get, Oh, you find God's grace, in every mistake, And you always give more than you take. This is my wish, to you.

But how could we have ever known...

That time would take us by the hand,
And lead us to a fine young man...

My baby boy who loved to play,
Will wear his cap and gown come May...

And though I know the time has come,
To leave you to this world among

Your dreams, your hopes, your life anew,
We're all still here watching over you...

How proud we are, you cannot know,
But now it's time to let you go...

We watched you shine as you have grown,
But how could we have ever known...
